Dear David,

On behalf of the Emeril Lagasse Foundation, I wanted to thank you for your ten years of generosity. Since its beginning, we have been lucky to call you and the Bascom Group donors, partners, and friends.

Your generosity has helped us expand our impact on the lives of thousands of children. As you know, the Emeril Lagasse Foundation seeks to inspire, mentor, and enable all young people, especially those from disadvantaged circumstances, to realize their full potential. We do this through nutritional education, life skills development, and culinary training. But this work cannot be done alone; we must rely on devoted donors like you.

Thank you again for your support. We look forward to another ten years together!
